

Persimmon

Description:

Persimmon is the UK's largest house builder. We are the first and only house builder to enter the FTSE 100. Following our acquisition of Westbury PLC in January 2006, we build over 16,000 homes a year on more than 400 sites. This means that we offer the widest choice of quality new homes in the greatest number of quality places throughout the UK. We aim to provide the highest levels of design, construction and service; so however you live your life, you'll feel more at home with Persimmon.
